Hon. NANCY PELOSI,

Washington, DC.

A CONTRABAND FLOW CHART

(Ms. FOXX asked and was given permission to address the House for 1 minute and to revise and extend her remarks.)

Ms. FOXX. Mr. Speaker, this organizational chart is a chart that represents

the new way that health care would be handled in the United States under the Democrats' plan. This is a chart that we will not be allowed, though, to send out to our constituents because it has been ruled inappropriate to send out. But we want the American people to see it.

The other thing that people need to know about the Democrat health bill is that it's going to give higher taxes to small businesses and it's going to destroy jobs. According to the Democrats' plan, filers making \$280,000 will be hit with a 1 percent surtax. Filers making \$400,000 will be hit by a 1.5 percent surtax, and filers making \$800,000 will be hit by a 5.4 percent surtax.

Because most small businesses pay their taxes as part of their owner's individual tax filing, a majority of those hit by this new tax will be small businesses. According to the National Association of Manufacturers, an industry hard hit by the economy, 68 percent of manufacturers file as S corporations with an average income of \$570,000. We also know this bill will destroy 4.7 million jobs. That's too many jobs to destroy in this country. We don't need this health care bill.

VAGUE AND GENERAL HEALTH CARE REFORM

(Mr. COBLE asked and was given permission to address the House for 1 minute and to revise and extend his remarks.)

Mr. COBLE. Mr. Speaker, during his prime time press conference last night, President Obama spoke in vague generalities about his care proposal in claiming the plan is deficit neutral. The nonpartisan Congressional Budget Office disagrees, the CBO, found that the legislation would increase the deficit by \$239 billion over a 10-year period. The CBO director recently said the administration's plan significantly expands the Federal responsibility for health care costs, but you wouldn't know this from having watched last evening's press conference. Not one reporter questioned the President about the CBO's findings. Instead the media, once again, gave the President a free pass and deprived Americans of all the facts surrounding health care.

HEALTH CARE REFORM WILL BENEFIT SMALL BUSINESS

(Mrs. MALONEY asked and was given permission to address the House for 1 minute.)

Mrs. MALONEY. Mr. Speaker, America's small businesses are facing a health care crisis, and they need our help. Small businesses pay 18 percent more for the same health insurance benefits as large businesses, hampering these incubators of recovery and growth. We must fix the broken health care system to help our Nation's entrepreneurs and their employees.

Half of all Americans work for a small business. That's half of the Nation's private, nonfarm gross domestic
